IMPACT REPORT

2024

Every year, we're inspired by how you support our efforts to create REAL HOMES for families, veterans, foster youth, the elderly, and vulnerable individuals emerging from homelessness.

This stability not only heals families but also breaks the cycle of generational instability.

Our 2024 survey of past clients revealed remarkable impacts:

- 100% reported improved mental health and self-esteem
- 86% experienced better sleep quality
- 71% increased their employment income
- 100% noted improved mental health and stability for their children
- 92% saw better school attendance and reading ability in their children

Your donations of time, funds, resources, and furniture made this possible! In 2024, we helped 386 people across 133 households, including 185 children.

With your support, we've grown significantly:

- Expanded our MINI program to 10-15 homes monthly
- Increased monthly FULL gatherings
- Enhanced funding for beds and furniture
- Launched a new website
- Extended employee hours to serve more families

Your generosity prevents homelessness, supports education and employment success, and restores dignity to community members deserving a second chance.

Thank you for your support.

With heartfelt gratitude,

Donna and Chris

“

Thank you all so much I've been praying for this for so long. You all are truly our angels. You are truly making a difference. God chose the right people to complete His mission. Thank you and God bless you.

-Mother of four children

”

I want to thank you from the bottom of my heart for helping us out. It went a long way and Noah felt really special that you didn't know us but still helped us. He was amazed that someone who didn't know us cared so much. That gives him hope.

-Father of three children

“

Every night I go to sleep I think about her sleeping in her new comfortable bed and it just brings a smile to my face. No matter what happened that day, I feel happy!
